Reaction to fire:

CE class Bfl-s1

Shore A hardness: 75

Light resistance:

6/7 blue scale

**Resistance to chemical
agents:** good

* COLORS AVAILABLE
IN SHINY SURFACE

As with all vinyl floors,
prolonged contact with tires
or rubber elements can
cause indelible dark marks.

Furthermore, remember
that smooth solid color
floors are more delicate than
variegated or granulated
ones.

Carry out installation at an
ambient temperature of at least
18°C, maintaining this condition
for 24 hours before and after
installation.
